

STANDARD WORK SCOPE - PUBLIC WATER SUPPLY SAMPLING

This standard work scope budget is for quarterly MtBE monitoring as directed by the Water Supply Engineering Bureau (WSEB), when an outside contractor performs the work. The budget is a not-to-exceed allowance for completing one sample round and submitting required reports to the WSEB. Contractor invoices must show actual costs in time & materials format, and cost overages must be justified in writing. Monitoring work may be performed without additional NHDES approval, using this budget for each quarterly round.

								Breakdown By Class									
			Class	Overall Breakdown				Consultant Services	Lab. Services	(Reserved)	(Reserved)	(Reserved)	Other				
Task	Contractor	Description	Code	Units	Type	Rate	Cost										
1.1 Source Sampling & Analysis	CONSULTANT	Project Eng./Geologist Technician Expenses Vehicle (1)	E	0.5	hrs.	\$70	\$35	\$35 \$400	--	--	--	--	--				
			E	8.0	hrs.	\$50	\$400										
			O	1.0	each	\$50	\$50							--	--	--	--
			O	2.0	half-day	\$62.50	\$125							--	--	--	--
	LABORATORY	VOC Method 524 & Trip Blank (2)	L	1.0	each	\$160	\$160	--	\$160	--	--	--	--				
Task Total:							\$770	\$435	\$160	\$0	\$0	\$0	\$175				
1.2 Data Transmittal	CONSULTANT	Project Eng./Geologist Support Expenses	E	0.5	hrs.	\$70	\$35	\$35 \$40	--	--	--	--	--				
			E	1.0	hrs.	\$40	\$40										
			O	1.0	each	\$25	\$25							--	--	--	--
Task Total:							\$100	\$75	\$0	\$0	\$0	\$0	\$25				
			NOT-TO-EXCEED TOTAL(2):				\$870	\$510	\$160	\$0	\$0	\$0	\$200				

Class Codes:

E = Eng./Hydrogeology Services

L = Laboratory Services

O = Other

Comments: (1) Personal mileage in lieu of company vehicle is allowed at \$0.35 per mile.

(2) The number of water samples analyzed, and associated cost, may increase based on the number of sources monitored or WSEB requirements. Additional field/travel time may be warranted for remotely-located sources or systems with multiple sources. Such additional costs may be justified when submitting a reimbursement claim. Subcontracted lab services are reimbursable at the rate shown, plus (up to) 10% markup.
